MEET OUR COMPANY

A good bottle of wine as a present? Great! We think that a more striking gift is a fine notebook. This is a present for all occasions and appreciated by everyone. An article in the Dutch Financial Times recently noted that handwritten notes and letters are making a full come back and that the use of elegant paperware gives you the feeling of mindfulness.

Writing on paper brings a deeper, more emotional and more personal experience to the writer.

Our new Gift Collections are very suitable as a gift to yourself or to someone you love. We offer a large range of products in the following categories: Planning, Notes, Filing and Writing.

New Edition will introduce three entirely new brands; ikpakjein, the Lil'Ledy gift collection and our own stylish Mood Edition diaries in A6 size.

Our trusted and well known brands like PIP Studio, RICE, vtwonen and &Anne are renewed on a regular basis as well as you are used from us.

We look forward to seeing you in the coming months in our booth at the following Fairs where we will present our new collections live:

TRENDZ	Gorinchem	14 - 16 January 2018
M&O	Paris	19 - 23 January 2018
Paperworld	Frankfurt	27 - 30 January 2018
Ambiente	Frankfurt	09 - 13 February 2018

It would also be great to host you at our showroom in Haarlem from February 1. till April 6. 2018.

Hope to see you soon!

MEET OUR BRANDS

LIL'LEDY

Lil' Ledy is a lifestyle brand inspiring and encouraging women to be whatever they want to be. Defy laws of society, make your own decisions and follow your own rules. Show the world that you're so much more than just a pretty face! Dazzle the World with your beautiful mind, let your ideas grow wild. Not perfect, just special.

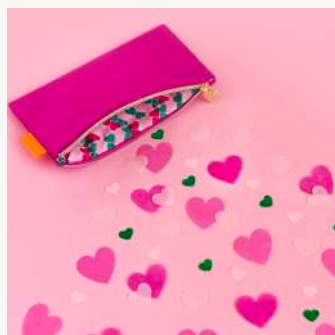

IKPAKJEIN

The sisters Lisa and Marijn form IKPAKJEIN. Made with a lot of love and dedication, just to make another person happy! Little endearing messages with a long lasting impact. All Black and White with a golden touch. IKPAKJEIN has a collection with wonderful greeting cards but recently expanded with a collection of stationery and homeware.

VTWONEN

Oh, what do we love paper and cardboard! Nothing more fun than writing your best stories in a notebook with pen or pencil, writing down your appointments in your agenda and storing everything in a matching pouch. The latest stationery of vtwomen has again the real vtwomen look & feel, basic with an extra twist. Thanks to the materials used - cardboard and recycled paper - everything fits together nicely and combines perfectly with your other desk accessories.

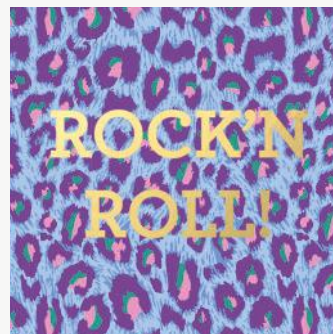

&ANNE

'Hello! Yes you! We're '&anne'. A lifestyle brand based in The Hague. We think bold patterns and bright colours are a whole lot of lovely. Do you like them too?'

PIP STUDIO

For 10 years Pip Studio is designing 'Happy products for happy people' from her studio in Amsterdam. Qualitative lifestyle products made with eye for the tiniest details and unique created designs. Each year a new gift stationery collection is made. This years collection is called Good Morning. The designs made in this collection are inspired by traditional Chinese paintings, tropical birds, wild berries, blossom trees and miniature paintings from India. All products feature Pip Studio's characteristic golden details.

RICE

The RICE dream is to add that something extra to the ordinary – coloring your day with happiness and FUN! RICE is a Danish interior and design company known for its colorful universe of melamine, handmade baskets, storage, and handglazed tableware.
